WELCOME from the Centre Manager**2020-2021 PROGRAMME– BEDFORD HOUSE**

Dear Members and Friends,

Welcome to the new academic year 2020-21.

I am excited to announce the programme for the coming academic year, despite the difficulties of the Covid-19 pandemic and subsequent disruption to organisations and individuals locally and nationwide.

We are aware that it has been a very challenging period for many people which may continue for the year ahead. We hope that our courses and workshops will go some way to provide moments of much needed relief, laughter, and support in these difficult times.

Our programme of courses and events offers learning and development for adults in health, fitness and wellbeing, and art & craft, as well as in other leisure activities. The courses are delivered by experienced artists, and practitioners of health, fitness and wellbeing and are often tailored specifically to each relevant group of learners. You will find more in-depth details of our programmes on our website. Keep an eye on the short-courses and workshop programme where new events will be added throughout the year.

Bedford House is one of the largest self-supporting, independent providers of adult education in Essex and our members come from a wide radius. As a responsible organisation we are significantly investing in keeping our members, learners and staff safe, and we have implemented various new Health & Safety measures due to the Covid-19 virus to help keeping you safe. This has unfortunately resulted in higher than usual fee rises but I hope you will understand the need for this and support us in keeping everyone safe. Please see our info page on Covid-19 precautions.

Take care and stay safe. We very much look forward to welcoming you to our 2020/21 courses.

Lykke Leszczynski, Centre Manager

PS Call us between 9:30 and 13:00 Monday to Friday to make a card payment over the phone or for enquiries.

She also incorporates small handheld weights and floor exercises into the class to give participants a full body workout. As well as exercise, her classes are a great way to make friends and socialise. **Materials:** For health and safety reasons learners are expected to bring their own weights and mat.

Some of the main precautions organisations and people can take to control the spread of Covid-19 and other virus are cleaning and social distancing. We appreciate that our learners enjoy socialising and that it would be difficult to run our courses entirely online. We have therefore taken the steps below to keep you safe. All measures will be reviewed on an ongoing basis in relation to government advice and inhouse needs.

Cleaning and Hygiene

1. A stringent cleaning regime by a professional cleaning company several times every day.
2. Hand sanitizer available.
3. All site users to wash hands frequently and effectively.
4. Surface sanitizers available to tutors and learners to maintain their own space.
5. Various signage displayed throughout the premises to remind us of what to do.
6. Hourly ventilation of and air change in rooms.
7. Soap washing shared tools before and after usage where sharing is unavoidable.
8. Minimising the shared use of all items.
9. Fitting specialist doorstops to minimise touching doors.
10. Those with breathing hygiene issues (non-Covid-19 related) such as coughing, throat clearing etc to use face coverings.
11. Learners and tutors are strongly encouraged to use face coverings especially where close contact is necessary, or where people are vulnerable. Tutors to discuss with learners and each class to agree usage.
12. Tutors to check with learners at the start of classes if anyone has symptoms.

Social Distancing

1. We are providing a compliant distance between learners. Large classes have been split over two classrooms or moved to the Hall. This means that there will only 6 learners in each classroom plus a tutor. Learners will be situated in zigzag rather than opposite each other.
2. Class starting times have been staggered. Class break times to be staggered.
3. Health, fitness and wellbeing classes taking place in the hall have been reduced to 10 learners maximum.
4. When possible, we will make use of the garden in a socially distanced way.
5. Designating items to each learner such as own portion of clay; learners to bring own exercise mats and other similar items. Tutors will work with each class to minimise the sharing of items.
6. Learners and tutors are asked to bring their own drinks such as water and hot drinks. Kitchen facilities must remain closed until government restrictions ease.
7. All tutors have been consulted about issues specific to their courses.
8. Tutors are adapting their courses to avoid or minimise sharing, to create workstations that are more fixed than usual, to review circulation in spaces to minimise people crossing paths.

We are asking students to support us in providing a Covid-safe environment as below

- Stay at home and seek medical advice if you have Covid-19 symptoms (temperature of 38.0° C [100.4° F] or above, persistent cough, difficulty in breathing, loss/change to usual taste or smell)
- Cover coughs and sneezes (use tissue or elbow).
- Wash hands often (wash for 20 secs).
- Avoid close contact with others (1m+).
- Avoid touching your face (if you do then wash your hands and/or sanitize).
- Clean and disinfect (sprays and paper hand towel are available to wipe your workstation, chair and tools). Some tools may be soap washed.
- Wear a face-covering if possible, unless exempt (please bring your own face covering).
- Sanitize before you enter the premises and during your visit (sanitizer available)
- Bring your own hot and cold drinks if required, as we do not currently have any kitchen facilities or crockery.

Bedford House is one of the largest providers of adult education and leisure activities in Essex. In 2019/20 Bedford House had over 450 active members attending courses on a weekly basis.

In 2019/20 Bedford House had 27 tutors, 4 office staff and a Caretaker, who all work part time. We are pleased to say that during the Covid-19 lockdown starting 23 March 2020 all staff who were furloughed were paid in full up to and including May 2020, and then 80% in June and July. It was decided to support staff in this way even though it has meant that Bedford House has had to use reserves to cover wage payments. We are grateful to those members who have made donations of unused course fees and other donations. We were pleased to re-open with a Summer School from 3 August 2020.

Bedford House offers over 100 activities annually: 50+ courses during the academic year as well as a programme of workshops and a Summer School. In addition, Bedford House provides space hire to a number of independent organisations and service providers that offer additional services to the local community and beyond, such as language courses, drama courses, after school club, ante/postnatal classes, and children's activities.

Bedford House provides an important resource of low-cost courses. It is set in a characterful building with a 70+ year history and in lovely grounds. The atmosphere is friendly and supportive with a community feel. Once new members join, they tend to stay for many years. Bedford House provides stability and purpose for those who experience personal challenges and isolation, it is an important place to meet and socialise as well as giving opportunities to stay fit, healthy (physically and mentally), and learn new skills at affordable prices. Our classes build confidence as much as skills development.

Bedford House offers small classes often bespoke to the group of learners. Our teaching staff are dedicated to creating supportive, professional, and friendly learning environments and they go out of their way to ensure continuing learning and development.

When recently consulting our 500+ members, learners, and supporters whether they would return after the lock down in September 2020 we received a resounding 'yes' and much encouragement. One of the lovely testimonials from a learner says it all:

"I would defiantly like to return to Bedford House for the Autumn Term..."

*I am currently enjoying being part of Anne Daniels' Friday print class which I thoroughly enjoy and would like to thank Anne for sending us weekly emails and setting up a What's App group so we can all stay in touch and also sending us fantastic stimulus and ideas so we can carry on our printing. THANK YOU SO MUCH ANNE AND BEDFORD HOUSE.
G Sanders"*

Following the enthusiastic feedback, we decided to run a Summer School 2020 in August, and to start our academic year course programme from 7 September 2020.

Bedford House also works with local societies and organisations such as Buckhurst Hill Parish Council, Buckhurst Hill Residents' Society, Buckhurst Hill Horticultural Society, Epping Forest District Museum and St. James' United Reform Church.

Bedford House's premises are owned by Essex County Council (ECC) which also provides some maintenance services without charge. ECC has in the last academic year funded a refurbishment of the pottery space and the gents' WC. ECC supports Bedford House through a long-term lease with a peppercorn rent. This and the maintenance services both help to keep our course fees as low as possible.

*"The Trustees would like to thank ECC for the excellent quality of the pottery building works."
The Board of Trustees*

This past year Bedford House has invested a substantial amount of money in making improvement to the premises in support of Bedford House beneficiaries:

- Refurbishment of the Hall, Hall lobby and WC's; refurbishment of the administration office and move to a larger room; refurbishment of room 3 (office / therapy space / piano room); decluttering throughout the premises; new boiler in the Hall kitchen, rebuild of the Pottery (building work by ECC but loss of income for 2+ terms covered by Bedford House), refurbishment of the kilns, automated doorstops, enhanced cleaning regime from August 2020 (including windows and carpets) and sanitizers, card payment software and machines.

We had planned to refurbish the Hall kitchen in summer 2020 but this has now been postponed to Summer 2021.

To make it easier for members to enrol we have significantly modernised administrative processes such as card payments, and simplified the BACS payment process. Card and BACS payments are now the main payment methods. We are also working on the redesign of the website.

DONATIONS AND LEGACIES

2020-2021 PROGRAMME– BEDFORD HOUSE

Bedford House Community Association is a registered charity. It does not receive funding apart from the discounted rent offered by Essex County Council and some support in kind such as sponsorship of services (Academy Heating Ltd). Stall holders and local businesses sponsored the raffle at the Winter Craft Fair 2019. It costs approximately £150,000 per annum to run Bedford House and this cost is largely covered by course fees and space hire. Should there be a drop in course income, such as during the lock down, or if rent was increased, this has a significant impact on our finances. Some relatively small amounts are raised through events and Gift Aid. It is important for the long-term sustainability of Bedford House that income is assured, and we will be developing fundraising over the coming months.

If you are able to make a donation, we would be most grateful.

Ways to donate or support Bedford House

- Add a donation when you pay a course fee.
- Set up a standing order via your bank of for instance £5 per month, or a larger annual amount, or any amount you feel appropriate. Please inform the Centre Manager on Office@BedfordHouse.org.uk so that we know why we are receiving a payment and from whom.
- Organise a fundraising activity.
- Become a member of Bedford House (£12 per annum) even if you are unable to join a course. Allow us to claim Gift Aid (£3) on your membership fee (more info below) and add a further 25% to our income (total support of £15).

If you would like to discuss your options, please contact the Centre Manager on Office@Bedfordhouse.org.uk

Legacies

If you have enjoyed attending Bedford House over many years and wish to help it continue to provide the same services to future generations, you may wish to consider the charity in your Will. Under current legislation any amount left to us in a Will does not incur any inheritance tax as we are a charity. If you have already made your Will and wish to create a legacy, you may consider a Codicil which is an amendment to your existing Will. Your professional advisers will be able to assist you on Will preparation or a Codicil to an existing Will. If you wish to leave a legacy to us, please use our full charity name in your documentation which is: **Bedford House Community Association, Registered Charity Number 1178692**. It would be helpful if you feel able to let us know that you have set up a legacy, and if so, please contact the Centre Manager on Office@bedfordhouse.org.uk or on 020 8504 6668.

Special Gifts - Bewick Collection

We are very fortunate to have received a gift of a collection of artworks from Robert Bewick and his sister Jane French, descendants of Elwyn Bewick, the brother of Vivian Bewick. The Bewick family, in particular Vivian and Elwyn, contributed to the establishing of Bedford House together with other artists in the 1940's and 1950's. Vivian was an art tutor for many years at Bedford House and they were both practicing artists based within the Buckhurst Hill locality. The collection we were gifted contains art works from several other artists. We are planning to exhibit the collection in 2021. We are very grateful for the gift and the opportunity to showcase a piece of history directly relevant to Bedford House.

What is a trustee? By REACH Volunteering <https://reachvolunteering.org.uk/guide/become-trustee>

“Trustees ensure their charity has a clear strategy, and that its work and goals are in line with its vision. A trustee’s role in a charity is to be the ‘guardians of purpose’, making sure that all decisions put the needs of the beneficiaries first.

Trustees safeguard the charity’s assets – both physical assets, including property, and intangible ones, such as reputation. They make sure these are used well and that the charity is run sustainably.”

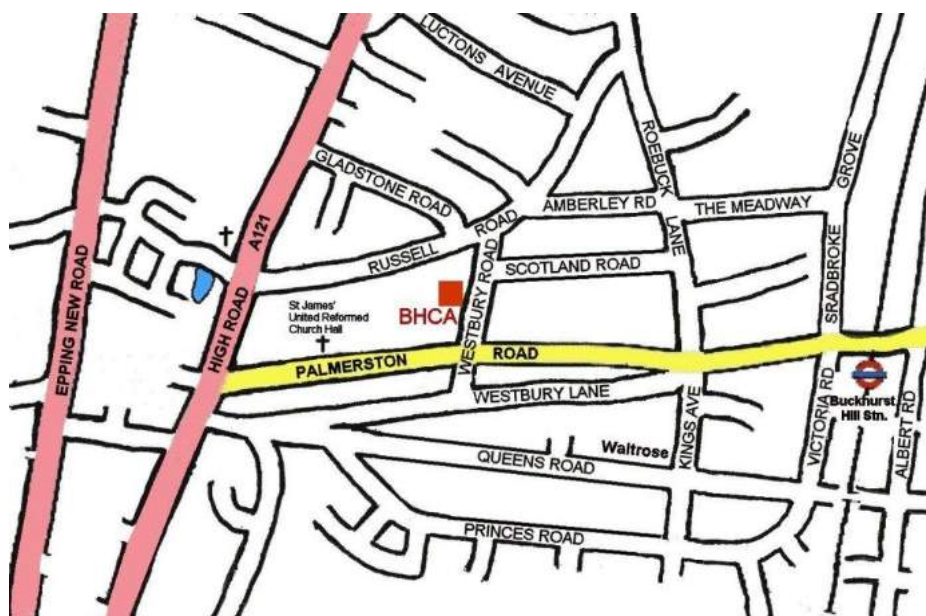

Follow the link above for more information on what it means to be a trustee.
